

A schematic diagram of a container 10. It consists of a main body and a lid 12. The lid 12 is shown as a separate rectangular piece above the main body, with a dashed line indicating its position when closed. The main body is a large rectangle with rounded corners. The label 10 is placed to the right of the main body, and the label 12 is placed to the right of the lid.

A diagram of a rectangular device 100. The device has a rounded top-left corner. A circular feature 130 is located on the top edge of the device. A square feature 134 is located on the bottom edge of the device. The device is labeled 100 on the left side. The circular feature is labeled 130 and the square feature is labeled 134.
